I.P.L.

Intense Pulsed Light therapy for a range of treatments.

Hair reduction

Removal of unwanted hair in areas such as upper lip, chin, underarms, bikini line, legs, back & chest.

Photo-rejuvenation

This is used to give a more youthful appearance on the face, neck & hands, helping to reduce age spots & broken capillaries. Used regularly, it helps to stimulate collagen & elastin to improve the overall texture & firmness of the skin.

Acne

The spots caused by acne are diminished due to the anti-bacterial effect of the light.

A free consultation and patch test are required at least 48 hours prior to treatment. At this time we can advise on length of treatment and costs.
